#### PROGRAM

Mr. SESSIONS. For the information of all Senators, tomorrow the Senate will resume consideration of the intel-

ligence reform bill. We had good debate on the bill today, disposing of several amendments. In addition, we were able to lock in a final list of amendments and a filing deadline for tomorrow, as well, so that Members will be able to view actual legislative text for each amendment.

For the remainder of the day tomorrow we will continue working through amendments to the bill. The chairman and ranking member will be here to receive amendments. Again, we will complete action on the bill prior to adjourning. Senators who wish to offer amendments are encouraged to work with the managers to get their amendments pending. Senators should expect rollcall votes throughout the day.

I observe that when the Senate passed fiscal year 2005 Defense appropriations conference report, we adopted discretionary spending levels for all fiscal year 2005 appropriations of \$821.9 billion. Unfortunately, the continuing resolution, H.J. Res. 107, authorized an annualized spending level of more than \$840 billion because section 103 of the resolution allows billions in 2004 sup-

plemental appropriations to continue into a new fiscal year. It is my understanding the House of Representatives will shortly pass a bill to correct this problem and eliminate funding in the CR for any one-time 2004 spending items. It also is my understanding that the majority leader and Chairman STEVENS will seek to have the Senate consider that correction whenever it becomes available. I believe it is essential we comply with the spending limits we previously adopted, and I look forward to working with my colleagues to ensure that we do.
